The Italian Chamber of Commerce in Canada is pleased to support a special event organized by our member VINO ALLEGRO. Italy's Donnafugata winery invites wine lovers to join us for a special social media event from our vineyards in western Sicily. On the night of August 10, 2012, we will be live streaming the night harvest of chardonnay grapes from our Contessa Entellina vineyards. The event will be shown at the dedicated microsite [donnafugatalive.com](#), and updated on Twitter at #donnafugatalive. English coverage will start at 3:30 PM local Pacific time.

Hosted by owner and winemaker Antonio Rallo and owner Josè Rallo, the event will provide an insider's view of life in our vineyards during the exciting harvest time. You will learn about the advantages of night harvesting, and see how the work is done as the grapes are carefully handpicked. You can also ask questions and receive real-time responses on our facebook page, [www.facebook.com/DonnafugataWine](#). Our Twitter feed is [@DonnafugataWine](#).

While the live streaming event is taking place, wine lovers can also join in a free tasting at one of several local venues:

### **Everything Wine – North Vancouver:**
